What is the Southeast Stormwater Association?

SESWA is a member-driven, non-profit organization that was created by city and county governments in response to the need for advocacy, training and educational services in stormwater management, finance and regulatory issues. Our boundaries are co-terminus with those of EPA Region 4.

Our Purpose

SESWA is dedicated to improving surface water quality and advancing the interests of stormwater professionals, managers and programs. Our industry-leading services include:

- Advocacy
- Training and Education
- Research
- Networking

Member Benefits

SESWA strengthens your professional competency and knowledge base. Through active membership and involvement, members receive:

- Discounted Training and Educational Services
- Newsletters and up-to-date Communications
- Online Job Board and Member Directory
- Reports on Stormwater Utility Practices
- Improved Intergovernmental Cooperation
- Advocacy Programs in front of EPA and Courts

Joining SESWA

To join SESWA, the primary point of contact for the organization should complete the application in this brochure or join online at www.seswa.org/join. Dues may be paid online with a credit card or a check can be mailed to SESWA. Please include a copy of the application if mailing your payment. For more information regarding SESWA or the benefits of membership, please contact us!

Who is a Member?

Organizations join SESWA and all of the organization's employees are included within a single membership. Membership is available for:

- **Local Government** – Cities, counties, authorities and districts
- **Private Sector** – Private engineering, environmental, management and financial consulting firms
- **Associate** – State and federal governments, non-profit organizations and academic institutions

Membership Categories and Dues

Local Government:

Dues are based on population:

- Cities = the incorporated area.
- Counties = the unincorporated area.
- Districts and Authorities = the population of your service area.

Population	Dues
<20,000	\$300
20,000 - 39,999	\$400
40,000 - 59,999	\$500
60,000 - 79,999	\$600
80,000 - 99,999	\$700
100,000 - 129,999	\$850
130,000 - 159,999	\$950
160,000 - 199,999	\$1,150
200,000 - 299,999	\$1,250
300,000 - 499,999	\$1,500
500,000+	\$2,000

Private Sector and Associate:

Dues are based on the number of professional employees in stormwater or related environmental sciences that are employed in the organization within the southeast US.

Employees	Dues
<50	\$500
50-99	\$1,000
100+	\$2,000
